

STANDARD MANAGEMENT CORPORATION

CARMEL, INDIANA

**DESCRIPTION**

Completed in 2001, this 60,000 square foot corporate headquarters building houses a global health and financial services company. The facility includes a raised-floor computer room, full service employee dining room, state-of-the-art presentation training rooms, executive floor with exterior patio, library, board room, fitness center and private dining room.

CHALLENGES

To create a corporate statement through the architecture of the building.

ROLE

Developer, Construction Manager at-risk and Property Manager

ACCOMPLISHMENTS

Completed the project on time and within the Owner's budget.

"Browning worked diligently to build a headquarters that has proven to meet our initial and future needs. The quality construction delivered is evident... Browning worked with us to bring out the culture and personality of our company."

- Ron Hunter,
Chairman and CEO,
Standard Management
